- 1 The applicant is the person on whose behalf the work is being carried out, e.g. the building's owner.
- 2 Two copies of this notice should be completed and submitted with plans and particulars in duplicate in accordance with the Regulation 14 of the Building Regulations.

Subject to certain exceptions where Part B (Fire Safety) imposes a requirement in relation to proposed building work, two further copies of plans which demonstrate compliance with the requirements should be deposited.
- 3 Subject to certain exceptions a Full Plans Submission attracts fees payable by the person by whom or on whose behalf the work is to be carried out. Fees are payable in two stages. The first fee must accompany the deposit of plans and the second fee is payable after the first site inspection of work in progress. This second fee is a single payment in respect of the relevant work to cover all site visits and consultations which may be necessary until it is satisfactorily completed.

The appropriate fee is dependent upon the type of work proposed. Fee scales and methods of calculation are set out in the guidance Notes on Fees which is available on request.
- 4 Subject to certain provisions of the Public Health Act 1936 and Water Industry Act 1991 owners and occupiers of premises are entitled to have their private foul and surface water drains and sewers connected to the public sewers, where available. Special arrangements apply to trade effluent discharge. Persons wishing to make such connections must give not less than 21 days notice to the appropriate authority.
- 5 LABC Services provides a Partner Authority Scheme and also National Type Approval for a range of building types, building systems and major building elements where they are used repeatedly. If this proposal is to use the Partnering scheme please answer YES and provide further details, including name of the Partner Authority, in section 8. If the work proposed or any part of it is subject to a LANTAC approval please answer YES and enclose a copy of the appropriate current certificate(s). If there is any variation in this proposal from that shown on the LANTAC type approval plans attention should be drawn to it in a covering letter. Further information on LANTAC schemes is available from your local Building Control Services office, LANTAC, Local Government House, Smith Square, London SW1 3HZ or LABC Services, address below.
- 6 Section 16 of the Building Act 1984 provides for the passing of plans subject to conditions. The conditions may specify modifications to the deposited plans and/or that further plans should be deposited.
