Pennine Lancashire Local Enterprise Partnership

Dear Dennis

I am writing on behalf of Barnfield Construction Limited to offer our support for the Pennine Lancashire Local Enterprise Trust proposal.

We believe that the proposal is in fine tune with Government's expectations that Local Enterprise Partnerships will operate on an economic geography rather than historical administrative boundaries. The Pennine Lancashire proposal covers a population of over 520,000 and a contribution of £6.1bn GVA to the economy last year. Local businesses make a significant contribution to the Pennine Lancashire economy and it is important that the private sector continue to play a role in creating a total business environment with support to business enterprise, growth and sustainability.

Yours sincerely,

Tim Webber
Chairman &
Managing Director
